## Tests Confirm Russia Has Set Off H-Bomb

By DONALD SANDERS

WASHINGTON (AP)—The United States today confirmed Russia's boast of having launched a hydrogen explosion but implied that this country has a 2-year lead in the race to perfect the most awesome weapon known to science.

Whether their country has yet developed a true H-bomb—that is, a device compact enough to be carried aboard a warplane—remains unknown to the public.

The Communist newspaper Pravda said in Moscow late last night "the explosion of a type of hydrogen bomb was carried out with experimental aim."

This prompted Chairman Lewis L. Strauss of the Atomic Energy Commission (AEC) to announce today that (A) U. S. atomic scientists had in fact detected a Soviet atomic blast eight days ago and then later determined that both conventional and H-type reactions were involved and (B) U. S. atomic tests in the Pacific in both 1951 and 1952 involved similar reactions.

Washington (AP)—Sen. Potter (R-Mich.) said today Russia's development of the hydrogen bomb may have been speeded by espionage in this country that "would make the Alger Hiss case look like petty larceny in comparison."

Potter's statement was read by Continued on Page Four

## Youth Fishing Contest Set for Saturday

The Better Fishing General Committee met last night to iron out last-minute problems of the Boys and Girls Fishing Rodeo that will be held Saturday, August 22 from 10 a. m. until 2 p. m. at Sutton's Lake.

The committee announced that all boys and girls from the age of six to sixteen who plan to participate in the Fishing Rodeo, must register either Thursday, Friday, or Saturday morning. Registrations will be handled by the Hope City Firemen at the Fire station. It is absolutely necessary for all who plan to participate to register, so that committee members will know just what facilities to have on hand.

There will be a school bus to transport boys and girls to the lake. This bus will be at the Hope City Hall Saturday morning at 9 a. m. All boys and girls not having their own transportation are requested to be at City Hall at 9 o'clock Saturday morning.

The BFI committee has made arrangements for refreshments, but all boys and girls are reminded that they are to bring their own box lunches. All bait will be furnished. The boys and girls will however, have to furnish all their own fishing equipment, consisting of lines, hooks, sinkers, floats.

Since the fishing contest occurs on Saturday, the committee said it has experienced a shortage of adults to help supervise the youngsters so it is asking all interested adults, 18 or over to help out. For more information, contact Wes Ninemire at KKAR.

The following are rules and regulations for the Fishing Rodeo:

1. All boys and girls between 6 and 16 are eligible. (If you have reached your 16th birthday, you are not eligible.)
2. All boys and girls under 10 must be accompanied by an adult 18 or older.
3. Each contestant must furnish his own fishing equipment. Tackle will be restricted to cane poles, not over 10 feet long, and a single hook.
4. All fishing will be from the bank, wading or otherwise disturbing or catching fish prohibited.
5. All winners must book and land their own prize winning fish without physical assistance.
6. All fish entered in the Rodeo Contest, must be witnessed by a contest official and will be weighed while alive.
7. State game and fish laws must be observed.
8. One prize to a person.
9. No fishing allowed until starting signal. All fishing must stop at closing signal.
10. Each contestant will be responsible for the cleanliness of his or her particular fishing area at close of contest.
11. Heaviest fish caught representative of Sport Fish Families will qualify local anglers for State or National Junior Better Fishing King or Queen appointments.
12. No prize will be given for greatest number of fish caught.

The BFI committee said that if it should rain Saturday, the contest will be postponed until the following Wednesday, August 26. Prizes have been donated by Lehman Auto and Supply, Duffie Hardware, Hope Hardware, Western Auto and Oklahoma Tire and Supply, and F. W. Chance.

## Class for Retarded School Children Planned Here

There will be a meeting in County Supervisor Elmer Brown's office at the Courthouse Tuesday, August 25, at 3 p. m. for the purpose of organizing a class for handicapped children.

Parents with children that are mentally or physically retarded and of public school age are invited to attend the meeting. Any teacher interested in training children with handicaps is urged to attend.

An effort is being made to organize a class to give special training to these handicapped children.

## 53,000 'Phone Workers Go Out on Strike

ST. LOUIS (AP)—CIO communication workers in six states struck today against the Southwestern Bell Telephone Co., after their negotiators had turned down a proposed new contract calling for a wage increase of one to three dollars a week.

The strike began after union and company officials had met independently and jointly with federal and state conciliators throughout the night.

Picketing began at the company's headquarters here at 6 a. m., the hour set for the strike, and spread to other towns in the system. No violence was reported.

The walkout climaxed negotiations which started June 3. The contract expired July 6 but it has been continued on a day-to-day basis.

Wages are the principal issue. Some 53,000 union members, mostly operators and maintenance personnel, in Missouri, Kansas, Oklahoma, Texas, Arkansas and a fringe of Illinois adjoining St. Louis are involved.

Supervisory employees manned switchboards. A company spokesman reported there had been no interruption in service anywhere in the system but that in some instances it was slower than normal.

LITTLE ROCK — About 2,000 CIO Communications Workers in Arkansas joined those of five other states today in striking against the Southwestern Bell Telephone Company.

Picket lines were thrown around the company's exchanges throughout the state, about 40 in all.

Southwestern spokesmen said service was normal in Little Rock as supervisory personnel manned long distance boards. The company said other supervisors were being sent out into the state and that service at other exchanges was normal or would be later in the day.

Warren Bray, Arkansas general manager for Southwestern Bell, said the company, negotiating with the union at St. Louis on a 6-state basis, had "done its level best to avoid this strike."

"We have negotiated in good faith with the union for two and a half months on a list of more than 200 union demands. . . We have proposed wage increases and other contract improvements which would cost the company over 7 million dollars. . ."

## Cherry to Dine a GOP Leader

LITTLE ROCK — A Republican chief executive will dine in the Arkansas governor's mansion tonight—but just as a guest.

Maryland Gov. Theodore R. McKeldin will be the guest of Arkansas' Democratic Gov. Cherry while in Little Rock to address a class of the Dale Carnegie Course.

## Folks Who Believe in the 'Prophecy in Stone' Expect an Unusual Happening Today

By RELMAN MORIN

For Hal Boyle  
NEW YORK (AP)—Well, folks, today's the day.

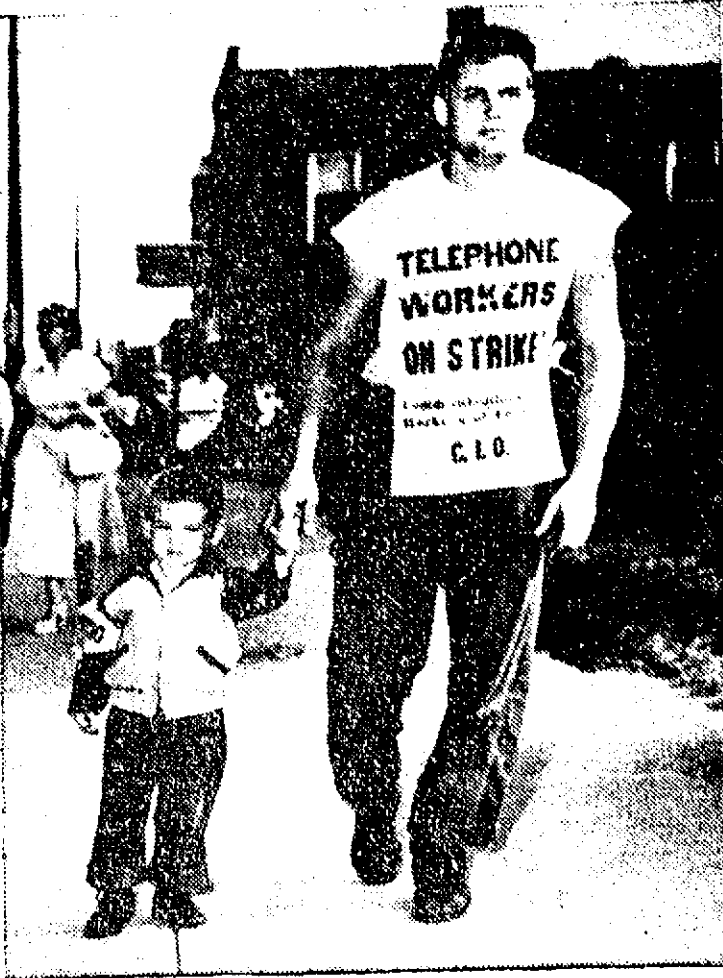

This is Aug. 20th, 1953, a date marked for destiny, according to people who believe in the "prophecy in stone." They expect an event of vast importance to take place somewhere in the world today.

Briefly, and leaving aside the heavy mathematics, the situation is this:

Some 5,000 years ago, more or less, the grand pyramid was built in Egypt, within sight of the slow-flowing Nile. It became the tomb of a king, Cheops, and his queen.

It was a mighty mausoleum, a monument to a man's ego, a magnificent feat of engineering—and presumably nothing more.

But was it?

PICKETS — Spending day with daddy, 2-year-old Jimmy Howell walks in front of Southwestern Bell Telephone Co. building in Kansas City Wednesday with picket V. M. Howell. CIO communication workers pickets appeared at both Kansas City phone buildings after CWA had set 5 a. m. Thursday as strike deadline in 6-state phone system. — NEA Telephone.

## Kinsey's Report of Women's Sex Relations Before Marriage Draws Comment of Women

### Cars Damaged in Accident Here

Automobiles driven by Herbert Drick of Gideon, Mo., and Harold Casler of Hope collided yesterday at Third and Washington Streets. Investigating officers Compton and Rowe said nobody was hurt but both cars were badly damaged.

## Printing Probe Facts to Be Made Public

By ED CREAGH

WASHINGTON — The story told behind closed doors by a woman who allegedly saw a Government Printing Office employee steal a code book and other secret data is scheduled to be made public today.

Chairman McCarthy (R-Wis.) said the testimony would be given either in person or in the form of a transcript from a previous secret session—at a hearing of the Senate's investigations subcommittee.

Earlier this week, Edward Rothschild, a GPO employee, declined to say whether he stole a code book, whether he was a Communist or whether he was engaged in espionage at the vast government printing plant, which handles much secret information, as late as a week ago last Sunday.

The 42-year-old bookbinder was suspended from his GPO job as soon as he refused to testify. His wife Esther similarly refused yesterday to tell whether she ever spied against this country or helped her husband do so.

Also scheduled to testify today were two witnesses called by McCarthy at the request of the Rothschild's lawyer.

More than 70 per cent American passenger service is handled by diesel locomotives.

## Entire Highway Commission to Be Here Aug. 27

Hope Chamber of Commerce will sponsor a luncheon at Hotel Barlow Thursday, August 27 at noon for members of the Arkansas Highway Commission and staff.

Since Hope is vitally interested in Highway 29 to Blevins and Highway 4 to Rosston, it is expected that a large group will attend the luncheon. Tickets may be purchased at the Chamber of Commerce office.

The delegation will arrive here at 11:15 a. m. and at 1:45 p. m. has a meeting scheduled at the local highway shop with district employees.

The Commission has already made similar visits to the Southwest part of Arkansas. The Southwest tour will be a 3-day junket.

## Halfway Mark Reached in Prisoner Swap

By WILLIAM J. WAUGH

PANMUNJOM (AP)—The great Korean War prisoner exchange passed the halfway mark today and there was every indication the Reds will start sending back larger numbers of Americans daily.

They promised 130 tomorrow, the biggest U. S. group yet, and it appeared the stepped-up rate would continue indefinitely. Three hundred South Koreans also will be freed tomorrow.

Sixty Americans, 90 British and 300 Koreans were freed today in the 14th day of exchange at this tiny village.

No British were scheduled to return Friday. The Reds have delivered 609 of the 722 British promised. They have turned over only 1,315 Americans, well under half of the 3,313 they listed.

Thursday's shipment brought the number of Allied troops freed to 6,533, just over half of the 12,763 the Reds promised.

No Communists were sent north Thursday and no more are scheduled until Saturday. Typhoon conditions disrupted Allied shipping from the Kije Island prison camps off Southern Korea.

One weary American repatriate Thursday was startled with the news that he had won America's highest combat award, the Medal of Honor. The story had been kept secret to prevent any Red reprisals against the 27-year-old Japanese-American sergeant Hiroshi Miyamura of Gallup, N. M.

The stream of happy men Thursday told more of the grim stories of life in the Red stockades.

One prisoner told a heart-breaking story of an American airman staked in the sun and left to die because he would not back up phony germ warfare charges by the Communists.

## Compromise Received Coldly by West Nations

UNITED NATIONS, N. Y.

The major Western nations turned a cold shoulder in the U. N. today to some talk of compromising East-West differences over the makeup of the Korean peace conference.

Russia's position, as partly set forth by Andrei Y. Vishinsky yesterday, already had drawn a quick rejection from Chief U. S. Delegate Henry Cabot Lodge Jr.

An aide said Vishinsky might take the floor for further explanations today after the debate resumes in the 48-nation General Assembly Political Committee.

First on the speakers' list today were Czechoslovakia, a Soviet satellite and one of the members of the Prisoner of War Repatriation Commission, and Turkey, which had troops under the U. N. banner in Korea.

## CIO Attacks New Power Policy

WASHINGTON (AP)—The Eisenhower administration's newly announced power policy came under fire today from the CIO Political Action Committee.

The CIO's political organization, known as the National Rural Electric Cooperative Association, said the new policy "threatens without a short time to wreck the entire public power program."

Robert R. Nathan, chairman of ADA's Executive Committee, said in a statement yesterday the decision to rely primarily on local interests "is an ill-conceived giveaway of resources which belong to all the people."

ADA describes itself as an organization of liberals supporting the policies of former President Franklin D. Roosevelt.

## Beasley Quits as Asst. D. A.

FORT SMITH (AP)—Charles Beasley said yesterday he has submitted his resignation, effective Aug. 31, as assistant U. S. district attorney for Western Arkansas. He will enter private law practice here.

U. S. District Atty. Charles W. Atkinson said he has recommended a Hot Springs lawyer, Henry M. Britt, as Beasley's successor.

## Here's Dope on Draft, Fatherhood

WASHINGTON — Draft eligibles were reminded yesterday that if they expect to be deferred from military service for fatherhood, they must file evidence of it with their local draft boards by Aug. 23.

Under a change in draft rules ordered by President Eisenhower in July, fatherhood in itself will not be grounds for exemption after Aug. 25 unless there is "proven hardship and privation."

Selective service noted that under the law, fatherhood states from conception, so a young man may be granted exemption if he files before Aug. 23 a doctor's certificate attesting that his wife is pregnant.

## Child Tossed From Car, Hits Pillow

BINGER, Okla. — Two-year-old Phillis Clay was thrown 30 feet from a car driven by her mother when it veered from the highway. She landed unhurt on a pillow also thrown from the car.

But her mother, Mrs. Minnie Bell Clay, 29, was killed as the car hurtled into a melon patch at Binger. A pipe jacked loose from a passing truck.

## Entire Highway Commission to Be Here Aug. 27

## Mossadegh Is Captured by Iran Royalists

### 300 Reported Killed in the Latest Coup

LONDON (AP)—The royalist-controlled Tehran radio today announced capture of ousted Premier Mohammed Mossadegh but said new street fighting with Mossadegh's supporters broke out in the capital.

Earlier dispatches from Tehran said Mossadegh had been taken to a new street fighting with Mossadegh's supporters broke out in the capital.

Later broadcasts from Tehran said Mossadegh had been taken to a new street fighting with Mossadegh's supporters broke out in the capital.

## Morocco Sultan Sent Into Exile by the French

By ROBERT WILSON

PARIS (AP)—France today deposed the Sultan of Morocco, and the French Interior Ministry announced it was sending him and two of his sons into exile on Corsica, the Mediterranean Isle.

The 44-year-old Sultan, Sidi Mohammed Ben Youssef, who has been giving the French trouble by his encouragement to independence-seeking nationalists, was ousted after the tough Berber tribesman of Pasha Thami El Glaoui of Marrakech, the Sultan's bitter foe, began to march in from the hills on the palace at Rabat.

PARIS (AP)—A French news agency dispatch from Rabat said the Sultan of Morocco has been removed from his throne.

The dispatch said an announcement of the removal came just as Gen. Auguste Guillaumie, the French resident general, had gone into the palace of Sultan Sidi Mohammed Ben Youssef. The palace was surrounded by 30 French tanks and other armed vehicles.

The French said the Sultan would be taken away from Rabat, the capital of the North African protectorate.

The news agency dispatch did not indicate who would succeed the 44-year-old monarch, who has been a thorn in the side of the French in recent years because of his growing benevolence toward fiery nationalists who have been demanding independence for their country.

Deposing of the Sultan, who succeeded his father in 1927, was a victory for the wealthy, pro-French Pasha of Marrakech, Thami El Glaoui, a powerful leader of Berber hill tribesmen, who accused the monarch of violating his religious vows by taking a hand in politics.

Presumably, the French decision to take sides with El Glaoui, their best friend in Morocco for 40 years, against the Sultan, whom they were sworn to protect under their treaty of 1912, was taken at a French Cabinet meeting in Paris today.

After long agitation, El Glaoui summoned a mass meeting of chiefs and aids at Marrakech last weekend and demanded the Sultan's ouster.

The upshot was that he engineered a coup in which he proclaimed Moulay Mohammed Ben Arafa, uncle of the Sultan as the new Imam, or religious leader.

The Sultan nominally is both temporal and religious ruler of Morocco, but his religious powers were the basis of his rule. The Sultan indignantly defied El Glaoui today.

After long agitation, El Glaoui summoned a mass meeting of chiefs and aids at Marrakech last weekend and demanded the Sultan's ouster.

## All Around the Town

By The Star Staff

Telephone workers in the four states area went out on strike this morning but due to the dial system it won't be felt so much as in the past. . . . Pickets appeared in front of the local telephone exchange at 6 a. m. and presumably will continue until something is settled. . . . Incidentally I wonder if official word of the strike was received here via telephone or if the company made 'em use Western Union?

A couple of miles out of Washington the surface pipe has been set on the Gunter No. 1, a wildcat oil test and another test is going down in the Ozan area of the country. . . . here is hoping Hemstead's first oil will be discovered.

Joe Green and family, out on the Spring Hill road, are grateful to friends and Churches and Whitfield Lodge No. 239 for badly needed financial help which enabled Mr. Green to undergo a serious operation that apparently has been successful. . . . the operation cost about \$800, they seldom give them away you know, all of which has been paid but about \$73, mostly from outside help. . . . It's good to have real friends and neighbors.

Ted Jones, Jr., member of the male chorus of "Paint Your Wagon" which played at the Texas State Fair, has been named assistant manager for the show which is now being presented in Dallas. . . . The musical was written by Allen J. Lerner and Frederick Loewe. . . . Ted Jones, Sr., has been added to the chorus.

Football practice started all over Arkansas today with candidates being issued equipment and most squads will work out twice daily from now until school opens. . . . Coach Lawrence Martin had about sixty hopefuls out at the school today.

Cpl. Irvin Edwards, 22, who was captured Dec. 2, 1951, while with the U. S. 7th Division, said the aviator who died had been taken to Manchuria for questions but would not "confess."

## Iran May Be Friendlier to the West

By JOHN M. HIGHTOWER

WASHINGTON (AP)—American officials watched hopefully today for evidence that a new regime in Iran, though born of violence, would quickly be able to stabilize the country and secure it against any Communist bid for power.

The task falls to 56-year-old Fazlollah Zahedi, a major general and frigate of Shah Mohammed Reza Pahlavi. He is regarded here as both anti-British and anti-Soviet, but also as a hard-headed realist who will seek practical solutions for his country's difficult problems.

Foremost among those problems is the long and bitter dispute with Britain over nationalization of Iran's billion-dollar oil industry. The deposed Premier, Mohammed Mossadegh, repeatedly failed to find a way out of the oil crisis; there is hope here that Zahedi may eventually take a more "realistic" approach than, in the American view, Mossadegh was willing to try.

## Temperatures Drop Sharply

LITTLE ROCK — It didn't seem like August in Arkansas today. The temperature dropped to a chilly 45 degrees at Gilbert early this morning and was cooler than normal throughout the state.

Batesville reported a low of 40. Fayetteville had 50. Fort Smith 58. Camden 54. Arkadelphia 57. Pine Bluff 60. El Dorado 62. Little Rock and Texarkana 64.

The cool spell is expected to continue through Friday, with afternoon highs forecast to range between 80 and 90.

## Flier Tied to Pole, Dies in Hot Sun

FREEDOM VILLAGE (AP)—Three Army corporals reaching freedom today told how an American flier was "tied to a pole and died in the sun because he would not confess to germ warfare" charges.

The corporals, two of whom served 10 months in the hard labor camp annex to Camp 2 at Pyoklong, said another flier was chained to a wall in a place where he could neither stand up nor sit down.

At first the three were reluctant to talk for fear of causing hardships

Continued from Page One

some orthodox astronomical principles—principles well known in modern science, but presumably far beyond the knowledge of the ancient Egyptians.

From this came a still more sensational theory, namely, that the pyramid foretells the whole future of this world, the fate of nations, the wars, Armageddon, and so on to the end.

Hence "the prophecy in stone." I do not recommend Brother Smith's book as light summer reading out in the hammock. It is rough going.

But as I gather, the distances, of the corridors, the angles of the passageways, the interconnections of ground lines, and in fact, the relationship between each of the various parts of the pyramid—all these things symbolize some significant event on earth, past and future.

The crucifixion, the flight of the Israelites from Egypt, and so on, presumably are marked. So in this theory, are coming events.

However, the battling average for the "prophecy in stone" has not been very high, so far.

Some predictions never came off at all. The calculators fixed a number of dates which already have passed without any notable happenings. And they seem to have missed, entirely, that fateful day, Sept. 2, 1939, when World War II started.

This, of course, was a considerable oversight, to say the least. So new measurements were made, and new calculations drawn on a different basis. That produced all the decisive points of World War II—but the re-figuring was done after these events took place.

In any case, long years ago, the men who try to read the "prophecy in stone" set down Aug. 20, 1953, as a day of destiny.

It would be nice to know what the pyramid has in store for us. Maybe somebody will announce the invention of A-D. Maybe Malenkov will disband the Red Army. Maybe Christian Dior will come out for no skirts at all.

Well, by midnight we ought to know. Watch the papers and stick close to your radio.

## WALKOUT THREAT

PARIS (AP)—France threatened today to walk out of the United Nations if that body hears the Arab bloc complaint against French rule in Morocco.

The city of Ife, Nigeria, is spiritual headquarters of the Yoruba tribe.

Grandparents are Mr. and Mrs. Dewey Baber.

Mr. and Mrs. Ben McBay announce the arrival of a son August 20.

At 8 o'clock Friday night, August 20, the Hope Chapter 328 may have a guest.

City Federation of Garden Clubs Meets

Mrs. H. P. Luck, president of the City Federation of Garden Clubs, announced a project for purchasing a garden center at a quarter of the cost of the federation held at the home of Mrs. T. B. Feinberg on Wednesday, August 15.

The following advantages in having a center were stated by Mrs. Luck: It would provide a meeting place for the garden clubs; a place for flower shows; lectures; demonstrations; books and pamphlets; and a place for storing property.

Further action on the program will be taken at a joint meeting of the garden clubs in September. During the business session reports were heard from the secretary, Mrs. J. C. McMath, and treasurer, Mrs. J. C. McMath.

Mrs. L. C. Spates was appointed chairman to fill the vacancy of Mrs. J. O. Luck who resigned.

Mrs. A. A. Albritton announced that the luncheon meeting of the club will be held September 16 at the Barlow Hotel at 1 o'clock. Reservations for the luncheon are in charge of Mrs. Albritton and Mrs. Bernard Dunn, with the Iris and Nandina Clubs as hostesses.

Mrs. L. C. Cook distributed schedules for the fall flower show sponsored by the Federation. Mrs. K. E. Ammons announced that the date of the show will be October 14 rather than the previously announced date. It was decided to add a non-competitive class open to all club members to the show schedule.

The Federation voted to discontinue the annual picnic. Mrs. C. C. Lewis and Mrs. Will Ed Waller, presidents of the Gardenia and Vespera Clubs, respectively, will propose another form of meeting.

All of the ten clubs were represented at the meeting with the Nandina Club as hostess.

## Coming and Going

Mr. and Mrs. L. D. Sallee and children, Richard and Sandra, left Tuesday for Texas City, Texas, after a short visit with friends and relatives.

Mr. and Mrs. V. W. Foster, Mrs. Hazel Segrove and family, and Mrs. Nannie Ogden of Wilson, Oklahoma are visiting Mr. and Mrs. Delmar L. Carroll.

## Hospital Notes

Branch  
Admitted: Mrs. Ben McBay, Hope; Mrs. Charles Landry, Hope.  
Mr. and Mrs. Charles Landry of Hope announce the arrival of a baby girl Aug. 20.

## Births

Mrs. Riehard L. Rondeau announces the arrival of a daughter, Mary Lou, August 18. The mater-

A revival will start at the Caney Nazarene Church Friday night, August 24 and continue through August 30. Evangelist O. S. Free of Little Rock will do the preaching, according to A. H. Lambert, pastor. The public is invited.

## DOG-GONE IT

ASHEVILLE, N. C. (AP) Things are in a dog-gone mess for the Asheville dogcatcher. Two unidentified men knocked the lock off the dog pound gate and about 100 dogs ramped free. Only a few have been rounded up.

The University of Virginia, at Charlottesville, was founded by Thomas Jefferson.

## Hero's Wife Thrilled by Honors

GALLUP, N. M., (AP) — Told that her husband has won the nation's highest military honor, a diminutive, dark-haired Nisei wife's first reaction was:

"Ohhh, was he hurt?"

Mrs. Terry Miyamura was awoken by The Associated Press to give her her second piece of good news in a few hours.

The 23-year-old Japanese American wife was, in her own words, "thrilled speechless" by award of the Medal of Honor to her newly liberated husband, Sgt. Hiroshi H. Miyamura.

At first, she thought Miyamura had won the medal since his liberation. She was frightened that some trick of war might take her husband away after only a few short hours of relief for his rescue.

She said Miyamura in his scout dozen letters from Camp No. 1 had written nothing of the heroic rescue action which led to his capture and—as far as is known to award of the medal.

"He didn't have much to say," she said. "He's a quiet sort of guy."

"He wrote that there wasn't much doing in the camp and that he was hankering for the company to pass the time."

Miyamura entered the Army

## You can reach a Star

IS IT a matter of dollars that keeps you from stepping up to something better?

Come, discover a new peak of motoring pleasure at a price that never leaves the ground.

Yes, this big-power-packed Buick SPECIAL Convertible is yours to enjoy for scarcely more than the Convertibles of "the low-priced three."

And what a joyous carload of thrills that little extra provides.

Here you get a Fireball 8 Engine with the highest horsepower and compression ratio a Buick SPECIAL ever commanded.

Here you get the big car lift and luxury of Buick's Million Dollar Ride—gentled to lullaby softness by coil springing on all four wheels.

And here are all the other unique and wonderful things that make a Buick SPECIAL such a special Buick. The casual comfort. The suave styling. The neat and knowing craftsmanship that marks every inch of the structure.

Here, too, if you want them, are Twin-Turbine Dynaflo\* to give you new, smooth and silent getaways—and Power Steering\* to guide your going with finger-tip ease.

So why not try it yourself, this dazzling beauty that gives so much and asks so little. Check it for price, test it for performance, compare it for value. How about dropping in this week?

## Tests Confirm

Continued from Page One

Don McCarthy (D-W) in a public hearing of the Senate investigating subcommittee. The group is investigating charges that secret information has been leaked from the government printing office.

**MOSCOW (AP)**—The Russians announced today that they have exploded a test hydrogen bomb of "great strength." They claimed that it was a new type of hydrogen bomb, and that it was the first of its kind.

In Washington, the Atomic Energy Commission confirmed that it had information on a Soviet "thermonuclear" test conducted Aug. 12 but implied that the United States had produced similar results in the 1951 and 1952 tests at Eniwetok Atoll.

This was the official Soviet announcement, as reported in the Communist party newspaper, *Pravda*, and broadcast by the Moscow radio to the Soviet people.

Officially in the Soviet Union, the explosion of a type of hydrogen bomb was carried out with experimental aim. As a result of the possession of the mighty power of thermonuclear fusion in the hydrogen bomb, the explosion was of great strength.

"The test showed the power of the hydrogen bomb is many times greater than the power of atomic bombs."

Australia lies directly in the path of the two main migrations of whales on their seasonal trek to warmer waters says the National Geographic Society.

## PRESCOTT NEWS

Thursday, August 20

The choir of the Presbyterian Church will practice Thursday evening at 7:30.

Friday, August 21

Members of the First Presbyterian Church will have a potluck supper at the church Friday night at 6:45. Mrs. Bonnie Wilson is chairman and Charles Deas has charge of the program.

**Rebecca Langley Fried**

At Bridal Shower

Mrs. Rebecca Langley, daughter of Bob G. Todd of Ansonia, Texas, was entertained with a traditional home dinner Monday morning given by Mrs. Dwight Pankay in the home of her parents, Mr. and Mrs. C. H. Todd.

A graceful arrangement of home-made gifts was placed on the table and an artistic yellow umbrella filled with the gifts graced the room.

Bridal gifts were played with by the bride and groom by Misses Betty Griffin, Joan Garrett and the bride.

After the gifts were opened the guests were invited into the dining room. The serving table overlaid with a white linen cloth was centered with a miniature table and a room standing under an arch entwined with white blossoms. Miss Griffin presided at the punch bowl.

Individual white embossed cards were served by Miss Barbara Pankay of Enid. The buffet held a central arrangement of yellow flowers.

Other guests included Mrs. J. H. Langley, mother of the bride; Mrs. Clifford Johnson, Miss Virginia Johnson, Miss Kay King, Miss Jane White, Miss Sue Clark, Miss Jo Carrington, and Miss Jean Ross.

Mrs. and Mrs. C. H. Moore have as their guest Mrs. Moore's daughter, Mrs. H. S. Streeter of Ft. Hood, Oklahoma.

Mrs. Mary Montgomery was the weekend guest of Mr. and Mrs. Carlton Melton and family in Ft. Dorado.

Mr. and Mrs. Wells Hamby had as their weekend guests, Mr. and Mrs. Wade Bell and Susan Frances of Little Rock.

Mr. and Mrs. W. J. Island, Misses Dorothy and Pat Island, and Richard Ellis have returned to their home in Marshall, Texas after a visit with Mr. and Mrs. Jim Nelson.

Mr. and Mrs. R. P. Hamby and their guests, Mr. and Mrs. John Wathen, John Randolph and Mary Lawrence, were Sunday guests of Mr. and Mrs. G. D. Royston, Jr., in Hope.

S. D. Dickinson of Little Rock spent the weekend with his mother, Mrs. Sam Dickinson and had as his guests, Mr. Harriman and Mr. Jeffries who are on the staff at the University of Arkansas, Fayetteville.

Miss Genevieve King has returned from a week's visit with Mrs. Ira Ward and Mr. and Mrs. Jim Bush in Little Rock.

Mr. and Mrs. Ellsworth Moberg, Gary Martin, and Fidel Hernandez of Austin, Texas were weekend guests of Mr. and Mrs. T. R. Moberg and family. They were en route to Trenton, N. J., to attend the Little Bigger League.

W. E. Jordan of Texarkana has been the guest of his daughter, Mrs. Harold Lewis and family.

Little Miss Cathi Vancey of Longview, Texas, is visiting her grandparents, Mr. and Mrs. Jim Vancey and Mrs. Faye Ingram.

### Mississippians Pull Semi-pro Upset

WICHITA, Kan., P.—A surprising Mississippi team gets a chance tonight to show whether it will be a strong contender for the national Non-Pro Baseball Tournament championship.

The Wichita City, Miss. Eagles...

tion in one of the big upsets of the meet yesterday by beating the San Diego, Calif., Skyriders, navy tournament winners, 3-1.

Tonight Yazoo City meets another strong club, the Casa Grande, Ariz., Cotton Kings. A victory over Casa Grande would establish the Mississippians among the tournament's better teams.

The Military District of Wash...

### The House Falls in on El Dorado

By HAROLD HART  
Associated Press Sports Writer

The house has fallen in on El Dorado as it tees desperately to find second place in the Cotton States League.

This trouble started last week. The club's second best pitcher, was sidelined with an old knee injury. The Oilers bought Don Allen from Natchez, but the league ruled Allen couldn't be used so he was returned to the Indians.

The crowning blow came last night when Clyde Baldwin, who has a 13-5 record, broke a finger on his pitching hand while subbing in the outfield. He will be out for the remainder of the season. And Inter Manager Hill Adams is out with an injury.

The Oilers maintained their half game margin over Pine Bluff by splitting a pair with the Judges, the Oilers taking the first 5-2 but falling in the second, 3-9, before the 2-hill pitching of Glen Van Proyen.

Jackson tightened its hold on fourth place with a 3-0 whitewash of Natchez while Hot Springs was beating fifty-place Greenville, 8-7, in 13 innings. Meridian continued its winning ways with an 8-4 verdict over Monroe.

El Dorado pulled a triple play in winning the first game. With men on first and second in the top of the seventh, second baseman Bob Scott speared a line drive, flipped to shortstop Bill Carr at second for the second out and Carr's relay nipped the runner at first.

Eighten club, defending champion, won its second consecutive game last night. It defeated the Columbia, Tenn., Monsanto Maulers, 5-3. In other games, New Carlisle, Ohio, eliminated Rutland Vt. 7-1, and the Fort Wayne Ind., North Americans blanked Kirkland Air Force Base of Albuquerque, N. M., 6-0.

The 32-team tournament is a double elimination affair. It began last Friday and will last three weeks.

### Lookouts May Be Deciding Factor

By MERCER BAILEY  
Associated Press Sports Writer

The Chattanooga Lookouts may be the deciding factor in which team wins the 1953 Southern Association championship.

The Lookouts whipped Atlanta, 5-2, last night for the second night in succession, enabling Memphis to replace the crackers in second place. Memphis, which beat Mobile, 7-0, is four games behind pace-setting Nashville and Atlanta.

Nashville split with Birmingham, winning the opener, 7-5, and losing the second, 4-2. Little Rock won last night, 6-2.

During their current home stand, Chattanooga takes on the league-leading Vols and both challengers, Atlanta and Memphis. By the time the Lookouts get through with the leaders—or vice versa—the pennant picture may be ready for framing.

Only 614 fans, Little Rock's smallest crowd of the season, were on hand to watch Hal Simpson break up a tight game with New Orleans. In the 10th inning, the aging slugger powered one out of the park with the bases loaded.

Verne Williamson, who balanced his record at 11-11 with the victory, had tied the game at 3-2 in the seventh. Williamson singled home Russ Sullivan, who had walked and gone to second on a wild pitch.

### Right of Way Plan Has Supporters

LITTLE ROCK (AP)—Gov. Francis Cherry indicated yesterday there is overwhelming support for the Highway Commission's policy of giving road building priority in localities which furnish free rights-of-way to the state.

Cherry said at a news conference that 95 per cent of his mail concerning the commission policy is favorable. Opposition to the policy has come from the Arkansas County Judges Association.

Declaring that Arkansians are growing aware that the governor stays out of road building, Cherry said only one delegation had called on him in behalf of a road job in the last three months.

Cherry admitted road building was off to a slow start because

### Sees Guided Missile as Big Threat

WASHINGTON (UPI)—A Civil Defense spokesman said today that the guided missile is likely to become a worse threat to this country than either atomic or hydrogen air bombs.

The most frightful "maximum disaster" weapon of the future, he said, may well be what he called "the intercontinental ballistic missile" bearing an atomic or hydrogen warhead. Advance warning would be difficult if not impossible.

Russia right now is believed to be working on a 75-ton weapon of this kind propelled by multi-stage rockets, the spokesman said.

Civil Defense Administrator Walter J. Anderson said recently that the U.S. already are capable of launching guided missiles from submarines against U.S. targets, 200 miles inland.

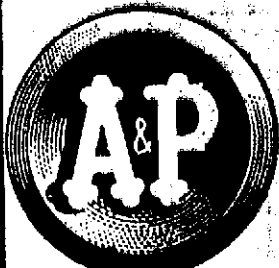

But experts believe that any massive Soviet attack now would come by air. They say Russia has 700 to 1,000 planes capable of delivering A-bombs or H-bombs on American targets.

As time passes, however, and guided missile design is perfected, the big danger will be the long-range, super-sonic, remotely controlled rocket with atomic explosives in its nose, the Civil Defense spokesman said.

## Dog Owner Has Wrong License

**DETROIT**—John Badish, prosecuted when fined \$25 because his Manchester terrier had jumped the leg of a mailman.

"The dog has a license and besides a dog has certain rights," Badish contended in a court appearance yesterday.

"He doesn't have either the right or the license to bite mailmen," retorted Traffic Detective Rollin D. Shull.

## BROKEN ENGLISH

**WASHINGTON**—The AFL Air Line Pilots Assn. said today a member it did not name reported that his company had received this note from a Japanese whose baggage was misplaced:

"Mr. Baggageman, United States of Law Gentlemen, Dear Sir, I am writing you because you are the one to fly. You are more fit to baggage master than the crying and howling that all I hope. What the matter you?"

## Eisenhower May Discuss H-Bomb

By JAMES MARLOW

**WASHINGTON**—Perhaps President Eisenhower now that the Russians have had their atomic one first on the hydrogen bomb, will make a public statement about this country's position on the atomic weapon.

Make no mistake, the Supreme Court Aug. 12, the United States, has long had a monopoly on production of the bomb. It is the only country in the world that has actually tested an H-bomb.

The country never has officially claimed to have produced this bomb although the carefully worded statements given out after the test indicated the United States had the H-bomb.

But when Eisenhower made his statement, he said the United States had the H-bomb. He said the United States had the H-bomb. He said the United States had the H-bomb.

One report floating around the capital was that there were two schools of thought among Eisenhower's advisers, one urging him to disclose to the public the fact that the United States had the H-bomb, and the other to keep it secret.

C. D. Jackson, Eisenhower's adviser on psychological warfare and certainly one of those to be consulted in any decision about a public statement of this kind, was asked within the past few days, "Was there any truth in a report that a speech on the bomb was at ready written and lying on Eisenhower's desk, awaiting his decision to deliver it or junk it?"

Jackson said he knew nothing about it. Yesterday on his New York trip Eisenhower had breakfast with Jackson and Strauss. This was before the Nevada announcement, but seven days after this government had learned of the Aug. 12 Russian atomic explosion.

Strauss, in his statement last night, said this country learned of the atomic explosion by the Comintern, he didn't say precisely when he learned it was of a kind involving "both fission and thermonuclear reactions." Thermonuclear is the scientific term for the hydrogen explosion reaction.

This delay in government announcement about Russian atomic experiments was not unprecedented. When President Truman in 1949 disclosed an atomic test in Russia he said it had occurred several weeks before.

Make no mistake, a statement that the United States no longer had a monopoly on production of the hydrogen bomb, and certainly would not be a Western world guarantee.

It implied rather than stated that Russia had mastered production of the bomb.

The question remained, however, what the information had to do with the making of the bomb.

The Aug. 12, the day of the test, the Secretary of State Dulles said:

There is no evidence that Russia has produced the H-bomb. But Russia has made a considerable advance in the production of the H-bomb. It is the only country in the world that has actually tested an H-bomb.

But when Eisenhower made his statement, he said the United States had the H-bomb. He said the United States had the H-bomb. He said the United States had the H-bomb.

One report floating around the capital was that there were two schools of thought among Eisenhower's advisers, one urging him to disclose to the public the fact that the United States had the H-bomb, and the other to keep it secret.

C. D. Jackson, Eisenhower's adviser on psychological warfare and certainly one of those to be consulted in any decision about a public statement of this kind, was asked within the past few days, "Was there any truth in a report that a speech on the bomb was at ready written and lying on Eisenhower's desk, awaiting his decision to deliver it or junk it?"

Jackson said he knew nothing about it. Yesterday on his New York trip Eisenhower had breakfast with Jackson and Strauss. This was before the Nevada announcement, but seven days after this government had learned of the Aug. 12 Russian atomic explosion.

Strauss, in his statement last night, said this country learned of the atomic explosion by the Comintern, he didn't say precisely when he learned it was of a kind involving "both fission and thermonuclear reactions." Thermonuclear is the scientific term for the hydrogen explosion reaction.

This delay in government announcement about Russian atomic experiments was not unprecedented. When President Truman in 1949 disclosed an atomic test in Russia he said it had occurred several weeks before.

Make no mistake, a statement that the United States no longer had a monopoly on production of the hydrogen bomb, and certainly would not be a Western world guarantee.

It implied rather than stated that Russia had mastered production of the bomb.

The question remained, however, what the information had to do with the making of the bomb.

Visiting Around Arkansas  
BY JOE MARSH

"FLY GUYS... Jet Propelled"....

There's no event like a good lively current event. Biggest current event in Central Arkansas these days is the purchase of land for Jacksonville's new jet bomber base. Not far from Little Rock's city limits plans are going ahead for building this Air Force center which will bring thousands of military and civilian personnel to Central Arkansas.

Practically all of Central Arkansas piled in to raise nearly a million dollars to buy land for this great project. It just goes to show what progress can be achieved when everybody helps.
